

Empowering NEET youth through open innovation and transnational collaboration for skills development and labor market integration.

Welcome to YouthLivingLabs Project Second Newsletter!
Join us in fostering innovation, collaboration, and new opportunities for youth empowerment.

YouthLivingLabs is a 24-month project, co-funded by the ERASMUS-YOUTH-2024-CB of the European Union.

The Journey Begins: Live Training Sessions Are Now Underway!

Our Open Innovation training is now live through our dedicated Online Academy! Selected participants are mastering four key skill sets:

Week 1:
Introspective Skills

Learning to assess internal capabilities and spot innovation opportunities.

Week 2:
Extrospective Skills

Analyzing market trends and identifying external growth opportunities.

Week 3:
Interactive Skills

Mastering communication to convey ideas and build strong relationships.

Week 4:
Technical Skills

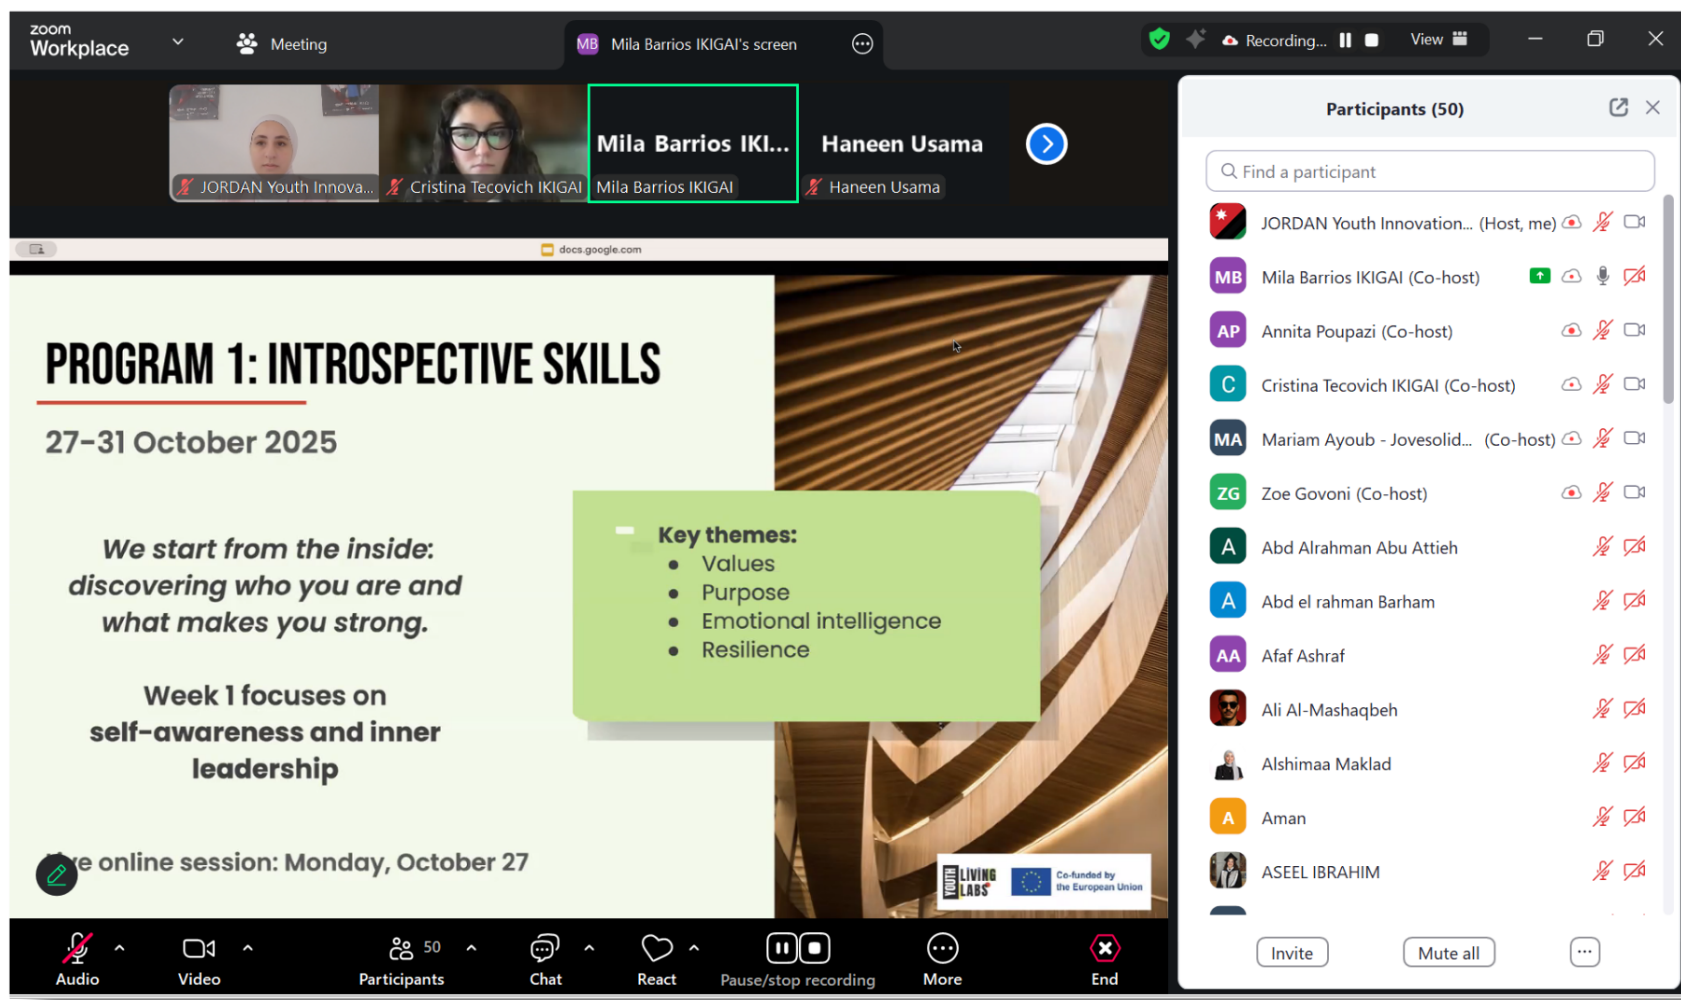

Gaining hands-on digital, marketing, financial, and business knowledge.

Massive Interest:
300+ Applications!

We received over 300 applications from motivated youth across Spain, Greece, Cyprus, Jordan, and Egypt - showing incredible demand for innovation skills training!

First Live Session a Major Success !

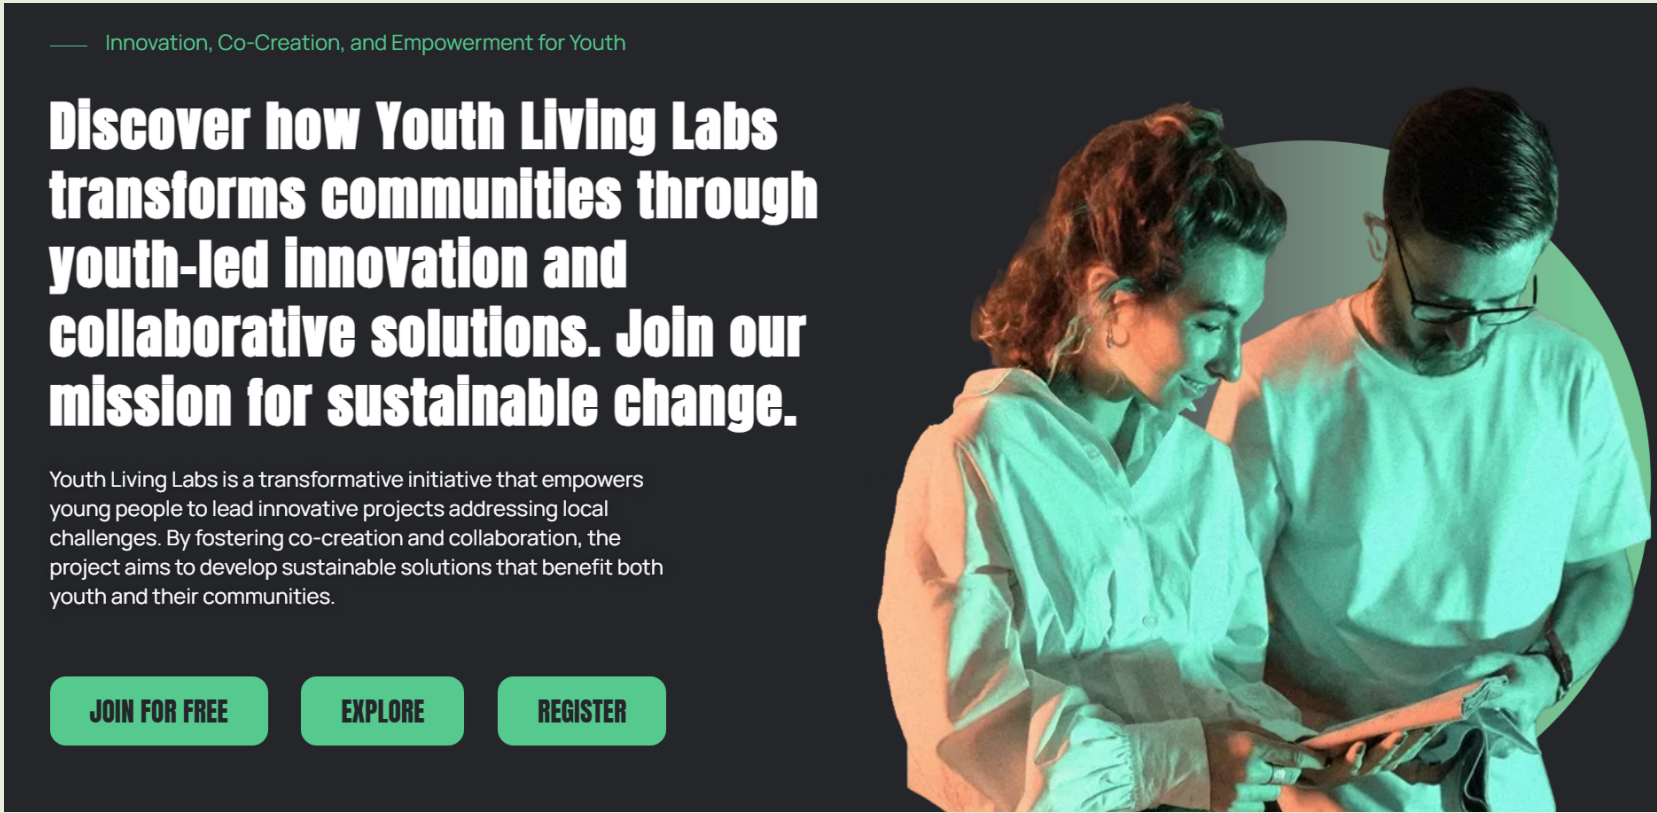

We're thrilled to report that our first live training session exceeded all expectations! With overwhelming participation and engagement from youth across all partner countries, the session created an electrifying atmosphere of learning and collaboration.

YouthLivingLabs hits the ground running!

YouthLivingLabs is live! Our new Online Academy is training youth in Open Innovation skills, with participants selected from 300+ applicants. They'll soon solve real business challenges to win internships.
