

Empowering NEET youth through open innovation and transnational collaboration for skills development and labor market integration.

Welcome to YouthLivingLabs Project Second Newsletter! Join us in fostering innovation, collaboration, and new opportunities for youth empowerment.

YouthLivingLabs is a 24-month project, co-funded by the ERASMUS-YOUTH-2024-CB of the European Union.

New year where we grow together !

The Digital Workshop is Now Available! Our digital workshop has officially been launched, bringing participants together to strengthen essential digital and innovation skills through interactive and hands-on learning.

Digital Tools and Innovation: Understanding and using digital tools to support innovation and project development.

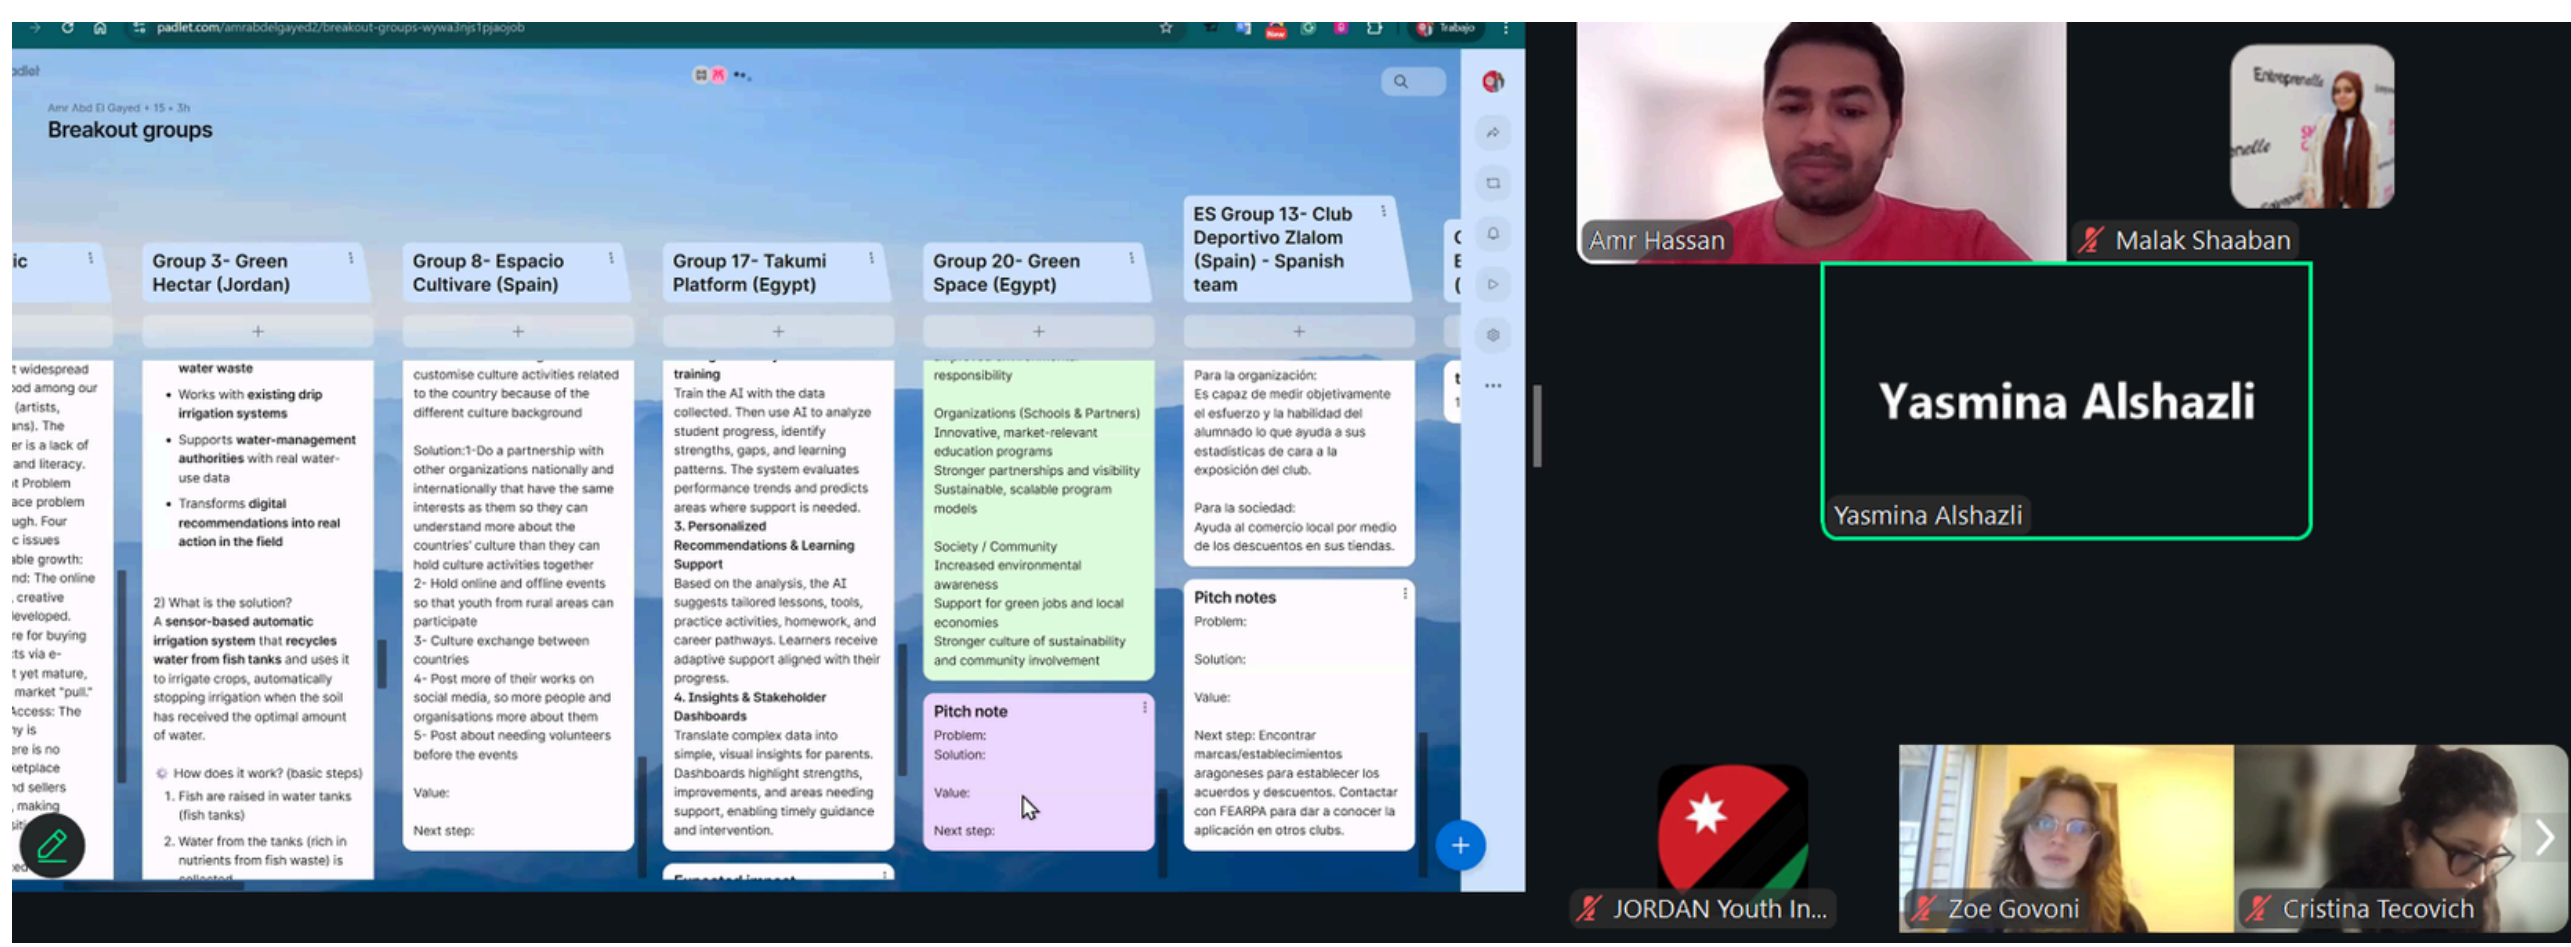

Problem Solving and Adaptability: Applying digital skills to address real-world challenges faced by businesses and communities.

Collaboration in Digital Environments: Working effectively in online environments and within cross-border teams.

Job-Ready Digital Skills: Building competencies that align with the current requirements of the labor market.

A Successful and Interactive Digital Workshop!

We are excited to share that our digital workshop has exceeded all expectations! The high level of participation and the tremendous energy demonstrated by youth across all partner countries created an inspiring and dynamic learning experience.

Participants Connect with Host Organizations! We have begun the process of coordinating participants with the host organizations and their training programs. Each training placement includes a professional mentor to support the learning process and participants' professional development.

The Next Step Begins Now!

The Youth Living Labs project is moving forward steadily and swiftly as participants prepare to begin hands-on training programs with partner companies. With their refined skills and high motivation, the youth are ready to transform learning into real practical experience in the workplace, supported continuously by mentors throughout the journey. The journey continues — and real opportunities start now!
